## ASQUITH FAVORS

## CHANNEL TUNNEL

Full Consideration of Question of Construction Promised Yesterday

\$30,000,000 COST, ENGINEER ESTIMATES

Tunnel Would Put the Country in a Better Position for Transporting Troops into France and for General War Purposes.

LONDON, Oct. 27. — Full reconsideration of the question of constructing a tunnel under the English channel to connect England and France was promised yesterday by Premier Asquith in receiving a deputation in favor of the project. He said the matter would be taken up either by the war committee or the committee on imperial defence.

The premier admitted that before the war the balance of opinion had been against the project, but said that the experience of the war undoubtedly was a new factor of immeasurable importance in enabling statesmen and naval and military experts to judge of the value of a tunnel. He added that such a tunnel as the deputation proposed would have put the country in a better position for transporting the expeditionary force and for general war purposes.

"I will see," added the premier, "that time will be found for a full review of the whole question in the light of that experience."

It was announced in Paris last August that France had taken all the necessary steps to enter into negotiations with England for the joint construction of a tunnel under the English channel.

Plans for the tunnel were outlined at that time by M. Sartiaux, chief engineer of the Nord Railway company. He said that the tunnel would cost \$30,000,000 and that if it was apportioned equally between England and France two days' war time expenditure of both countries would more than cover the cost.

M. Sartiaux said it was proposed to make two tunnels. He said that the possession of such a tunnel at the outbreak of the war would have been of great use to both France and England.

They have three sons, Winthrop, president of Purdue University, Harlan, dean of Columbia Law School, New York, Lawson, chief engineer in charge of bureau of mines, Pittsburgh, and a daughter, Mrs. John L. Willard of Greenfield. Mr. Stone celebrated his 80th birthday Sept. 12, but is still active in business and public affairs.

ODDS FAVOR MR. WILSON. President Now an Out-and-Out Favorite in Cleveland Wagers.

CLEVELAND, Oct. 27. — President Wilson has become an out-and-out favorite, at odds of 100 to 80, in Cleveland election betting. Less than a month ago Candidate Hughes was a 100 to 60 favorite.

One hundred dollars to \$40 is offered that Wilson will carry Cuyahoga county, in which Cleveland is situated, even money that he will carry the county by 6,000 votes, and even money that he will receive more popular votes in the United States than Hughes.

Straw votes throughout Ohio state give Wilson a lead over Hughes. One vote, taken in many cities and towns, gives Wilson 25,502 and Hughes 18,237.

TURNING OUT MORE PRODUCTS. Manufacturing Increased in Massachusetts from 1909 to 1914.

BOSTON, Oct. 27. — Manufactured products in Massachusetts showed an increase in value of about 10 per cent from 1909 to 1914, according to a report issued by the state bureau of statistics today. The value in the latter year was \$1,641,373,947. The report says, however, that there was a decrease in value of more than \$17,000,000 from the figures in 1913. In the same period the amount of wages paid increased more than 13 per cent.

TO KNOW FATE SOON. Case of Mayor and Other Haverhill Officials to Jury.

LAWRENCE, Mass., Oct. 27. — The question of whether Mayor Bartlett and four other members of the Haverhill city government were criminally negligent as charged in indictments for failure to suppress the riotous disturbance of April 3 probably will be in the hands of the jury tonight. Closing arguments were made today.

ELECTIONS LEGAL. Supreme Court Gives Decision in the Suffolk County Case.

BOSTON, Oct. 27. — The supreme court, in a decision by the full bench today, ruled that the latest re-apportionment of representative districts in Suffolk county was constitutional. As a result the primary elections held recently to fill the vacancies caused by the court's act in voiding the primaries held in September will stand.

PARALYSIS CLAIMS ANOTHER. Mr. and Mrs. Owens of North Poulney Lose Their Last Child.

POULTNEY, Oct. 27. — Owen, G. son of Mr. and Mrs. Robert G. Owens of North Poulney, died Wednesday night of infantile paralysis after an illness of about two days. This is the second child and last in the family, Robert, 7, having died last week of the same disease.

## Our first thought is to build up a permanent business

To accomplish this we are obliged to give extremely critical consideration to the selection of the merchandise we sell. We must be absolutely certain that every article and garment is thoroughly dependable in quality and style.

As an example of the class of wearables handled we mention.
